

Arts course “Finding your inner artist” a fun course for novices (and artists)

Due to a high number of enrolments, two streams are being run with participants swapping over through the semester. Times are detailed on the calendar

Merran Koren will lead the three sessions Arts 2 (Wednesdays 15, 22 and 29 March) which will delve into what, why and how that makes up art. Location...Merran’s studio, behind the “F Project Gallery” , 224 Timor St. 11 am- 3 pm. Bring an apron and lunch

Ken Solly will facilitate a beginners drawing class (Scribblers course designed by U3A network, 3 sessions) Arts 1, which will alternate and sometimes overlap with Arts 2.

Participants will then decide if/how they would like to continue in semester 2. Options might include (amongst many options), moulding and casting, experience virtual reality, visit a gallery, and so on
